

PREVALENT CASE STUDY

# Large Enterprise Professional Services Company

# Introduction

This case study of a large enterprise professional services company is based on a June 2020 survey of Prevalent customers by TechValidate, a 3rd-party research service. The profiled company asked to have their name blinded to protect their confidentiality.

# Challenges

The business challenges that led the profiled company to evaluate and ultimately select Prevalent:

- Time on average devoted to sending assessments, finding and interacting with contacts, and verifying that questions were adequately answered:
  - Prior to using Prevalent: 4-5 hours per vendor
- Reasons they were not able to complete more assessments prior to utilizing Prevalent:
  - A lack of staffing
  - Not enough time
- Turnaround time from assessment submission to receiving an adequately completed assessment:
  - Prior to using Prevalent: More than 20 days per assessment

#### Company Profile

The company featured in this case study asked to have its name publicly blinded because publicly endorsing vendors is against their policies.

TechValidate stands behind the authenticity of this data.

Company Size: Large Enterprise

Industry:
Professional Services

## **Use Case**

The key features and functionalities of Prevalent that the surveyed company uses:

- Prior to utilizing Prevalent, they were able to complete 21-50 assessments per year.
- Able to complete 50 or more assessments per year since they began utilizing Prevalent for managed collection and analysis services.

# About Prevalent

Prevalent is helping global organizations manage and monitor the security threats and risks associated with third and fourth-party vendors.

### Results

The surveyed company achieved the following results with Prevalent:

- Time on average devoted to sending assessments, finding and interacting with contacts, and verifying that questions were adequately answered:
  - Since using Prevalent: 1 hour or less per vendor
- Turnaround time from assessment submission to receiving an adequately completed assessment:
  - Since using Prevalent: 11-20 days per assessment
- Now that they are utilizing Prevalent:
  - Confirmed that with the same resources, they are now able to spend time mitigating risks as opposed to validating information. They are focused on the right things
- Prevalent capabilities in terms of how differentiated they are compared to the competition:
  - Vendor Onboarding: very differentiated
  - Vendor Assessment & Evidence Collection: differentiated
  - Program & Actionable Reporting: differentiated
- They are looking to grow the number of vendors they assess in the next year by 11-25%.
